

Second Grade News

Mrs.Terry and Ms. Masi

Reminders

Winter break starts Wednesday, Dec. 20th.

We will be taking the winter MAPS test next week. We are looking forward to seeing the growth they have made since September!

Homework comes home on Monday and needs to be returned on Friday. Thanks for helping your child learn and practice what we are doing at school!

Snack can be sent in daily. The students are hungry by 9:00.

Math: We have been working on telling time to 5 minutes, adding and subtracting 2 digit numbers, and counting coins. Help your child practice real coins at home.

Reading: In reading we have been talking about story structure, main ideas, and characters and how they change in a story. We have been working on using text features in nonfiction stories to answer questions and find details. Have your child read to you or to themselves to become fluent readers.

Students may practice compass learning at home. They each have their own login.
