

February News

Mrs. Bohm, Room 110
McKinley Elementary School

February
2017-2018

Parent-Teacher Communication:

Throughout the year, I will communicate with you through notes, telephone calls, Monday folders, report cards, and Parent-Teacher Conferences, which are on October 25, 26, and 27. Please contact me if you have any questions at any time. You can call me at school at (262) 359-6002, send a note, or email me at gbohm@kUSD.edu.

Science: The Earth System, Investigating Water Shortages.

Social Studies: Students will learn about the growth of our nation through westward expansion and movement. Students will learn how leaders' decisions shaped the growth and development of our nation and affected the lives of its people. Chapters 7 & 8 incorporate geography to study westward expansion, the development of our political system and government, historical events that affected different people in different ways, and how our economy grew and changed during this time period.
