

March 3rd grade Newsletter Mrs. Orton and Mrs. Talley

Communication.... If at any time, you have a question or concern, please contact us without any hesitation. 262-359-6002
ctalley@kUSD.edu or morton@kUSD.edu

If RECOMMENDED.... If your child was recommended for summer school, please sign them up! Summer school class sizes are limited. Please do not wait to get them signed up for summer learning.

Upcoming Dates.... Our 2nd and 3rd grade field trip to the zoo has been moved to Tuesday, May 29. Please sign and send back the permission slip with the \$12.00 fee if you have not done so already. All slips and money is due by May 18.

There is no school on Monday, May 28-Memorial Day

Weather.... The weather is beginning to warm up. Please help your child dress for the weather. Our classroom tends to get very warm. Students do not need to wear heavy sweatshirts. However, if they do, please make sure they have something underneath it, so if they need to take it off, they can. Being hot, makes it more difficult to learn.

Homework.... Just a friendly reminder, that homework comes home nightly. Your child is responsible for completing and returning their homework. Please continue to check their daily work folders as well. **We are noticing daily work is being returned and not taken out of folders. Please check their folders every night.**

Snacks please.... We have a snack time every day. When your child does not bring a snack, they are hungry. Healthy snacks should be sent to school with your child every day. Here are some ideas: cheese & crackers, fruit snacks, fruit, veggie, granola bars.....

Let's Be Kind... Friendly reminder: Please take some time to talk with your student about the importance of being kind to each other. We need to treat each other in a respectful manner. We need to be mindful of our behaviors and how they affect each other. **Some students are beginning to lose their recess due to their negative behavior choices. Please remind and discuss with your child appropriate behaviors for recess. It is not fun staying inside when it is very beautiful outside.**

Read, Read, Read... Please find time each night to read with your child. Any extra reading you can do with your child every night will have a great impact on their learning. As you read, discuss and ask questions about what the reading is about. Your child will love to show you all they know.
